FOREWORD

Once again it is my privilege to express our heartfelt thanks for your many valued orders and kind comments on the quality of the blooms received from our bulbs. It is pleasing to know that our efforts which are aimed at satisfied customers are meeting with so much success. We are always glad to hear from you — your words of praise are one of the satisfactions of being in business. But if in any way you are not fully satisfied, we are most anxious to know that too — only then are we able to rectify our shortcomings and give you full satisfaction.

One of the greatest pleasures of growing gladiolus is the observing of the newer varieties each year. Our trial garden of almost two acres gets a constant going over during the blooming season and from there we select the ones to add to our catalog list. We feel that this enables us to have a most comprehensive listing of the better exhibition varieties, the most outstanding cut flowers and the most promising novelties. And we are proud to present this listing to you — our customers.

Our crop of bulbs this year is one of the best we have ever grown. Try some — we are confident that they can add to the beauty of your garden this coming summer.

PLEASE READ CAREFULLY BEFORE ORDERING

TERMS FOR ORDERING — All orders are cash with order or, 25% down payment, balance C.O.D. All C.O.D. orders require down payment. All orders from the retail list will be sent postage prepaid. Orders from the wholesale list will be F.O.B., Springfield, Mass. If bulbs from both lists are ordered they will be sent F.O.B. and we will include enough extra bulbs to more than offset the express charges. All orders accepted subject to prior sale.

Orders for bulbets cannot be accepted after April 15, for small bulb sizes (4, 5, & 6) after May 1st, and for large bulbs after June 15th. Orders for assortments can be accepted until July 1st.

DISCOUNTS — On all cash orders from the retail descriptive list — \$5.00 to \$10.00 — you may select 10% discount in bulbs of your own choice. \$10.00 to \$20.00 — you may select 15% discount in bulbs of your own choice. Over \$20.00 — you may select 20% discount in bulbs of your own choice.

Discounts do not apply to new introductions, collections, or wholesale prices.

On cash orders from the wholesale list — 5% discount on orders from \$25.00 to \$100. 10% discount on orders over \$100.00.

EXTRAS and OVERCOUNT — We give extras with all orders varying with the size of the order. Just mention some of the varieties you would like to buy and we will do our best to please you. We are noted for generous overcount of number, quality and size.

GUARANTEE — We guarantee satisfaction in every way possible. We attempt to send out only clean, healthy, true to name stock, and if in any way you are not satisfied let us know immediately and we will do our utmost to please you. Also if you are pleased we are always glad to hear from you.

SHIPPING DATES — Unless otherwise requested retail orders will be sent out between March 15 and April 15 in the order received. Wholesale orders will be shipped out as soon as possible after receiving them. *Order early so as to be sure we are not sold out of the varieties you want.* This also gives us more time to fill your order with less chance of error and less overtime.

BULB SIZES — The retail list contains three sizes —

Large, 1 $\frac{1}{4}$ " up

Medium, $\frac{3}{4}$ " - 1 $\frac{1}{4}$ "

Small, $\frac{3}{8}$ " - $\frac{3}{4}$ "

Large size bulbs give the largest bloom. However, medium sized bulbs will give excellent spikes about 75% as large. Most small bulbs will bloom and at the same time grow fine bulbs for the following year.

VARIETY LISTING — In the descriptive list the variety name is given first, followed by the originator's name, its show classification and the approximate number of days needed for it to bloom. We have attempted to give a description of the varieties as we see them, listing important faults as well as good points.

You certainly do a grand job of adding joy and excitement to the life of a glad lover from the time your catalog comes thru blossom time and on.
E. G. — Taylorville, Ky.

I was well satisfied with the results from last year's order of bulbs.

Mrs. F. J. K. — Cliffwood, N. J.

Your bulbs are wonderful and do so well for me.

Miss H. M. — Keene, N. H.

APPRAISING THE NEWER ONES

GLACIER outdid itself again this year both on the show table and in the field. At least 11 Grand Championships were recorded with many more numerous lesser awards. As a cut flower our florists want it ahead of all other glads. RAINIER again gave us near perfect spikes while WHITE FRIENDSHIP continues as our number one early cut flower. Other good ones are ICICLE a fine cutter along with the pure white show variety SNOW VELVET, the precise spikes of ICE FOLLIES and old reliable FLORENCE NIGHTINGALE.

Fine additions to the whites with throats are SPINNAKER a most formal spikemaker and REPARTEE the red throated beauty — a top show glad. Also we have SPARKLING EYES, the delightful purple throated cut flower, WHITE SAILS, the grand champion contender and good cut flower and the most boldly blotched little QUEENS PAGE.

Among the popular green varieties we like GREEN ICE with its delicate shade of cool green on tall straight spikes and GREEN WOODPECKER with formal spikes holding 10 open consistently. Also good are early blooming SHAMROCK, the reliable cutter GREENLAND, and ERIN about the greenest of them all.

LANDMARK has taken the cream colored glads by storm winning at least 4 Grand Championships last year. Also capable of top awards are LORELEI and FLORADORA grand cut flowers as well. Early flowering ARES is the leader of the 300 class and a popular cut flower while gorgeously ruffled PARTY RUFFLES and smooth colored JUBILEE are among the most beautiful of all glads.

DAIRY QUEEN gave us big formal spikes and looks like a coming show variety while QUO VADIS shows promise as a miniature contender.

YELLOW SPIRE continues to gain friends with its top notch exhibition spikes. From Holland the new GOLDPiece gave tall stately spikes in a most beautiful shade of yellow. Also among our favorites are chartreuse toned LARGO, amber toned GARY — a grand cut flower and two toned D'ARTAGNON and PROFILE. Tall easy growing GOLDFIND gave us some of our finest cutting spikes this past summer.

The surprise of the deep yellows was YELLOW JACKET which gave us near perfect spikes one after the other along with TOPAZ now the top rated deep yellow. Also REWARD and GOLDEN ROSETTES are fine additions with their tall spikes and gorgeous coloring. They join GOLDEN GLO, GOLDEN WAVES and GOLDEN MIRACLE to make this a very strong class. FORT KNOX continues as our favorite cut flower in this color along with tall red and yellow CONRAD and late blooming GOLDEN SUNSHINE.

We were much taken by the smooth clear color of HONEY BLONDE a good one for the arranger. Other good buff varieties are RIVIERA with its tall husky spikes, smooth colored VIVA and giant sized A. B. COUTTS.

The orange colored glads have a fine addition in SUNNY MORN with its smooth apricot orange color and long tapering heads. CRONUS continues to lead this class on the show table while bright colored FORTUNE and tall growing REGINA are top notch cut flowers.

Varieties to watch in the light salmon group are ELF with its perfect exhibition spikes, VISION with its long flower head and many open florets and PARFAIT the leading exhibition miniature. Not to be left out are gorgeously ruffled BERMUDA and GYPSY CARNIVAL the flashy butterfly type variety.

Added to our list of deep salmon glads are enormous GOLIATH, a good exhibition prospect, striking bicolored CIRCUS another good exhibition variety and the All America variety THUNDERBIRD a near perfect spikemaker. Still leading the group is SALMON QUEEN with close competition coming from LIBERTY — both grow big formal spikes. Of interest is the unusual coloring of IRISH ROSE, the tall easy cutting spikes of SUGAR ELL. Also tops for cutting are clean colored MINORET and ruffled CORAL ACE.

In the scarlet class we predict big things for our own FASHION FLAME — watch for it at the shows. Leading on the exhibition table is FIRECRACKER with its brilliant coloring and tall spikes while LITTLE DIAMOND is our favorite exhibition miniature. Still good are FIREFLAME, a most reliable grower, SANS SOUCI, the tall cut flower, ALBERT SCHWEITZER, another good cutter and early blooming LIFE FLAME. The new PATH-FINDER looks like a most reliable cutter of tall straight spikes.

The light pink glad continue to have some of the finest varieties in existence. Among the newer ones are BLUSHING BRIDE, a tall easy grower in a gorgeous shade of soft pink,

MARY LOU a highly regarded blush pink with a red throat, EARLY SPRING a coming early cut flower, PINK PARASOL with its heavy spikes of pink and white — scrumptious PINK PROSPECTOR. Others of interest are JILL with its tall spikes of smooth rosy pink, CORONATION a grand commercial, and giant sized PINK PRIDE.

Added to the deep pink varieties are well named BAKERS DOZEN with its long ribbon of formally placed florets and PINK RUFFLES with its intense ruffling and fine color. Leading on the show table is SPIC & SPAN the number one variety of the past decade. Other outstanding varieties are finely formed PINK FAVORITE and 300 sized GEM STATE, capable of opening 14 florets at a time. Most reliable cut flowers are early blooming FRIENDSHIP, gigantic PAUL BUNYON and SUMMER QUEEN.

New light red varieties in our list are BANDWAGON, a most formal exhibition variety and Happiness with neat spikes of ruffled glowing red and yellow. Also we like ROYAL STEWART the All America award winner. REDHEAD, a superb cut flower prospect, and MOLIERE the most reliable spikemaker from Holland.

Our own BURGUNDY has gained many friends with its full formal exhibition spikes and intense ruffling and along with LANCER will give competition to WINNEBAGO CHIEF the leading deep red show variety. Also good are OSCAR another formal giant, HARRISBURGER with gorgeous clear bright color and RED PEPPER one of the best varieties to come out of Holland.

The black reds have excellent newer varieties in JACK OF SPADES, a coming exhibition variety and the most heavily ruffled, CONGO the giant of this color, DARK BRILLIANCE the present leader for exhibition and TOP HAT our favorite of this group. Others are well known ACE OF SPADES, reliable BLACK PHANTOM.

Among our favorites are the many and distinctive colored rose varieties. Excellent new ones are exquisitely colored MISS SALEM, a fine exhibition prospect and CLIMAX rapidly gaining friends as a show glad. Others are LOVE SONG, a tall spikemaker with good cut flower qualities, and AMBITION a beautiful rose and cream exhibition variety. For cutting TRAVELLER still leads the list with INNOCENCE in a tall pale rose giving us fine early spikes.

Outstanding medium rose varieties are ROSY DAWN, a grand cut flower that the florists really go for, tall easy cutting MARTINA and GIPSY ROSE, the giant of this group. Also we have TRITONE, one of the most beautiful and different varieties grown, GAY PAREE with its attractive silver edging and ROSEDENE the first early commercial. Others are WILD ROSE, grown by the tens of thousands for cutting, the exhibition winner WILLOW ROSE, and BEN HUR the All America award winner.

In the deep rose class DIRECTOR continues to impress with its gorgeous raspberry rose color and full formal spikes, along with CONCERTO a dark throated beauty. Also we like LILA WALLACE, a top notch early cut flower, tall straight growing JOYOUS the All America award winner and BURMA, one of the all time greats.

The lavender glads have many varieties of outstanding merit. Among these are LADY LOVE, a most promising cut flower prospect, richly colored LAVENDER MASTERPIECE, with its full formal spikes, HIGH FASHION another good commercial, and LAVANESQUE, with its full show caliber spikes. Our own LAVENDER GEM was outstanding again this past summer as was LOHENGRIN the leading show variety of the group. Two toned MYSTIC MELODY and LILAC & CHARTREUSE are certainly different and well worth growing.

Still at the top of the purple varieties is KING DAVID, always a contender for grand champion while quantities of THE RAJAH are grown for cut flower use. The newer EIGHTH WONDER gave us big formal spikes while PURPLE BURMA gave us full lustrous spikes of true purple.

The leaders of the light blue class are VIOLET CHARM with its tall husky spikes and CARIBBEAN, the All American beauty. Also good are BLUE DIAMOND the nearest of any to real blue, DARK EYES with its pale blue florets and bold violet throat, and PINNACLE with its spectacular spikes. For cutting, VENUS and AQUA QUEEN are most useful. Fine additions to this group are the stretchy spikes of well named BLUE RIBBON and SUMMER-SKY with its fine color value.

The deepest color of the dark blues is had by THOMAS A-STONE while STAR SAPPHIRE gave us perfect formals with 7-9 open florets and will give BLUE PETER a run for exhibition honors. The giant of this class is SALMANS SENSATION while attracting attention is the unusual color of formal BLUE CONQUEROR. About the healthiest blue variety we have grown is BLUE LOU a deep throated medium blue with fine cut flower qualities.

The many and varied smoky varieties always attract the smoky fans and those who like the unusual. Our own BRONZE BEAUTY attracted much attention at the shows last year

and we think it is one of the most beautiful of the smokies. **BLUE SMOKE** with its attractive color and good spikes now leads this class on the show table with **TAN GLO** a close second. **COPPER LUSTRE** is very popular with its big spikes on a brownish tone, **PRUNELLA** has massive spikes of a rich plum color, **ABIQUA** is the most ruffled of the smokies. **VANITY FAIR** the most unusual.

The A. O. C. class has been strengthened by the addition of **BROWN BOMBER** with its huge spikes of light chocolate brown, **TANARAMA** a formal tan toned variety and **DAMASCUS** a grower of top notch exhibition spikes.

Others we like are the All America variety **RUSTY**, huge **HINDUSTAN**, the dark mahogany colored **MANDY**, and the fine spikes of **BROWN LULLABY**.

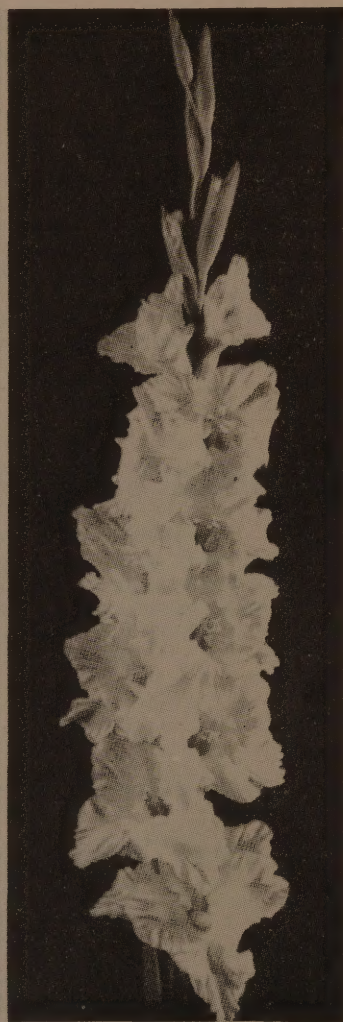

Also of note are the many varied and beautiful butterfly varieties from Europe's foremost hybridizer Konynenburg and Mark. They represent a new advance in medium sized gladiolus and are of particular interest for home use though some of them are among our leading exhibition varieties. Among the best are early blooming **ARES**, a red and yellow beauty, and **QUEENS PAGE** an attractive red and yellow combination. Other newer ones are **LITTLE DIAMOND** and **ELF** top exhibition varieties, **GIPSY LOVE** a red throated beauty, **TOPOLINO** the gorgeous red and yellow variety, **DESIREE**, an attractive deep scarlet, **BIBI**, ivory overlaid with pink, and **SUMMER FAIRY** of reddish salmon color.

BLUE BANNER

(476) 85 days Arenius 1963 Blue Seedling x Blue Peter Seedling #59163

This medium blue seedling has retained the long flower head and opening qualities of one of its parents Blue Peter, which it resembles but has better color and so far has been very healthy. This also should become an excellent exhibition variety as well as a commercial because it makes those tall straight spikes and has fine opening qualities.

ZULU QUEEN

(458) 85 days Arenius 1963 Negus x King David Seedling #5611

This deep black red has a faint white hair line on the edges of its petals to dress up the 6-8 perfectly placed blooms on a medium height plant. The buds are almost black and it is a healthy easy grower and a good propagator. Think it should win at the shows as it has good opening qualities. Should prove to be an excellent garden novelty.

TOP NOTCH

(454) 75 days Arenius 1963 Seedling x Seedling #5785

We consider this seedling a top notch commercial variety because of its earliness, beautiful color and heavy texture and keeping qualities. I am not sure if it should be classified as a medium rose or pink so call it a rosy pink opening 5-6 blooms on a 55" tall spike. Heavy texture, bulbs very healthy and an excellent propagator.

SCARLET TOPPER

(436) 90 days Arenius 1963 Parentage unknown. Seedling #5842

This is a clear scarlet red about the shade of Harrisburger which opens 8-9 ruffled blooms on a 22-24 bud spike and grows to a medium height. Have watched this now for several years and have been impressed with its opening qualities and great beautiful self color. Think this will easily win in its color class and also become an excellent cut flower.

CANDY CANE

(248) Larus '63 Peggy Ann x Dorothy Armstrong x Burma Early Midseason

Few seedlings have received as much advance publicity as this strikingly unusual miniature which is a real color breakthrough. The moderately ruffled round florets have an irregular medium red border extending about a half-inch inward on each petal and a blotch of the same color — the remaining parts of the petals are white. Its striking beauty resulted in its being voted by the public as most popular glad in the Connecticut Show one of the first times it was exhibited. Since then it has won an American Home Achievement Award, two Awards of Merit, three Best Miniature Seedling Awards, two best 3 Spike Small Awards, Little Champ and numerous other awards. Spikes are 42" - 52" tall, with 22" - 26" flower heads, 16-18 buds and seven to eight tightly attached florets open. Although Candy Cane has proved to be a really fine show glad, its outstanding value will be its color, which should insure great popularity for many years to come.

Large or Medium size bulbs — \$1.50

BIRTHDAY CAKE

(442) 90 days

A mouth-watering sight indeed is this pink and white ruffle-laden glad. Its heavy substantiated petals are as if carved from wax. When grown from large bulbs it consistently produced long headed show spikes with 8 of 23 or more buds opening at once. Grows about 60" tall. Very prolific and healthy. Cut spikes handle well and due to its ability to produce 25" heads even from smaller size. Should become a most-wanted commercial. Top rated seedling in the 1960 N J Trials.

Large — \$1.00 Medium — \$.75 Small — \$.50

TORCHY

(236) Larus '63 Parfait x Atom x BoPeep Early Midseason

Seldom does the blending of the most valuable traits of the parents appear in the seedlings as nicely as those of Parfait. Atom and BoPeep have come through in Torchy and some of her sisters. The beautifully formed florets are a lightly ruffled deep scarlet with deeper red petal edges and a deep rose center line. The plant height is 50" - 58", with straight flower heads of 24" - 26" in length and carrying 19-21 buds. Spikes have six to seven 3 $\frac{3}{8}$ " florets open. Torchy was Best Miniature Seedling at Connecticut in 1962 and should quickly make its way to the top of its class for both show and decorative use.

Large or Medium bulbs — \$1.00 Bulblets — 10 - \$1.50

FROM SOME OF OUR MANY MAINE FRIENDS:

How much we enjoyed the glads from you last year! I shared them with another widowed lady and a neighbor so we all had something to wait and watch for and were very satisfied with blooms.

Mrs. M. L. A. — W. Bethel, Me.

Had wonderful luck with glads purchased from you last year and was delighted with all the extras.

Mrs. L. E. A. — Belfast, Me.

Every one that opened seemed lovelier than the one before — such luscious colors! A basket of the glads took a blue ribbon at the Fair. Thank you again.

Mrs. D. H. — Milbridge, Me.

Altho it has been hot and dry here, every bulb is growing and looks healthy.

Mrs. G. W. — Mt. Vernon, Me.

Always look forward to receiving your fine bulbs. They always grow well and your generous count is much appreciated.

Mrs. E. L. P. — Dover-Foxcroft, Me.

Just want you to know I received my wonderful box of bulbs — just lost no time in getting it opened. What a wonderful sight! I opened every bag before I got supper. A million thanks . . .

Mrs. E. O. N. — Perham, Me

FAVORITES OF 1962

Here are eight lists of varieties representing each person's favorites as they saw them last year. The first lists are the favorites among the recent introductions while the second lists are the favorites among the standard low priced varieties. Mrs. Arenius and Helen (Mrs. Art, Jr.) both have seen all the varieties in our field as well as at many shows so are well qualified to comment. They have the added advantage of liking a glad because to them it is the most beautiful without the influence of statistics such as size, number open, number of buds, height, etc.

GLAD GUMPTION

Because of gladiolus many wonderful things have happened to me. At the annual convention of the North American Gladiolus Council held in East Lansing, Mich., in Jan. 1962. I was the recipient of the Achievement Award Plaque for 1961. This is the Oscar of the gladiolus industry and I am proud to be privileged to play a small part in the further advancement of our favorite flower. I appreciate the great honor this award implies and express my sincere thanks.

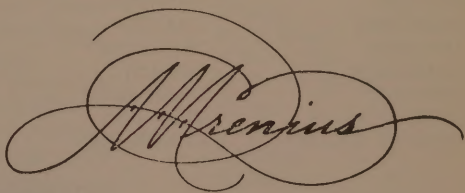

Because of gladiolus many of us have had our moral and spiritual fiber tried and tested. In the first Book of Kings when King Solomon (considered the world's wisest man) was asked to choose the one thing in life he desired above all others, his answer was; an understanding heart. I don't believe you can acquire an understanding heart by reading about it in a book nor do I have a secret formula (but as the Poet says, it takes a "Heap of Living") and believe it helps if you grow glads.

Take the three graces; Faith, Hope and Charity. Have you ever stopped to think how much faith is needed in buying a new variety from a catalogue description; your faith in Mother Nature in supplying the favorable growing conditions to get the perfect spike; your faith in some judges decision in awarding your spike a first prize? Just

think of all the hope you have for a favorable season; you hope the new varieties bought will come up to descriptions and bloom in time for the show; and if you hybridize you hope your new seedlings will produce something different and startling. And you certainly need charity for the judge who didn't pick your spike which you thought was superior to the one chosen; and doesn't your charitableness reach the breaking point sometimes when that much heralded new variety blooms in your garden for the first time? I know you can think of many instances where Hope, Faith and Charity were needed in your glad growing.

Or take the deep, dark sorrow of losing a dear one, how better can you express your sympathy than with glads; Or on a wedding or anniversary, how can you better express your joy, happiness and gladness than with glads? Fame, riches, power, etc., are transient and fleeting, while faith, hope, charity, truth and love are everlasting. More than guided missiles we need guided men, who have earned the right to have an opinion and like Solomon of old say; give thy servant an understanding heart, that I may discern between good and bad.

Grow glads and acquire an understanding heart!

ABOUT OUR SPECIAL COLLECTIONS:

Very pleased with your DELUXE COLLECTION last year — can't believe they were medium sized bulbs!

The special collection of GIANT VARIETIES that we had last year was beautiful — blooms were much larger than at the exhibit you had at the Eastern States Exposition. We're more than pleased.

RAINBOW COLLECTION — had the same thing from you 2 years ago and they were wonderful!

We certainly were pleased with our order last year of Special Collection RUFFLED VARIETIES and SMOKIES.

Had excellent results from two of your smaller collections last year.

Received your order today in perfect condition and I have never seen nicer bulbs.

THE ALL AMERICA GLADIOLUS

**All-America Varieties Are Now Tested in 46 Trial Grounds
to insure Beautiful Flowers for Your Garden**

BEN HUR (Larus '62) (354)

A soft harmonious medium rose pink. Uniform straight spikes hold 9-10 ruffled florets open of 20-22 buds. A strong grower that deserves a spot in every garden. Plant Patent 2222.

HORIZON (Fischer '62) (460)

Noteworthy for its pure rosy lavender color and ease of growth. As many as 10 out of 26 buds will open at once on uniformly tall spikes. Patent Applied For.

THUNDERBIRD

(Henderson-White '62) (434)

A fiery deep persimmon of heavy substance and exquisite ruffling. A show variety supreme with many championships to its credit already and many more to come. Plant Patent 2221.

APPLEBLOSSOM (Fischer) (411)

Attractive cream white with a light rose halo. Tall and straight stems carry 6-8 large florets open at once. An early easy to grow variety. Plant Patent #1517.

ROYAL STEWART (Pomment) (446)

Bright scarlet red that is a top exhibition variety. 9-11 large florets open on tall husky spikes. Plant Patent #1339.

CARIBBEAN (Baerman-Fischer) (371)

Ruffled light blue with a darker throat blotch. Opens a long ribbon of bloom and an easy winner in its class. Plant Patent #1654.

EMPEROR (Baerman-Fischer) (467)

Attractive rosy purple with a contrasting white throat. Very tall robust grower with a long head of bloom. Plant Patent #1655.

JOYOUS (Flad) (456)

Elegant rich velvety rose. Husky in growth with big plants holding 8-10 lightly waved florets open at once. Plant Patent #1832.

LITTLE PANSY (Fischer) (271)

The first All America miniature. Colorful light blue with a pansy blue throat. A grand addition to the miniature glads. Plant Patent #1934.

LANDMARK (P. W. White) (510)

Enormous spikes of deep cream. The leading show winner with 10-14 huge blooms on big 5' plants. Grows well under all conditions. Plant Patent #1934.

GYPSY DANCER (Fischer) (327)

Decorative type fresh vibrant deep orange. 6-7 ruffled wide flaring florets on tall willowy spikes. Graceful arrangement variety. Plant Patent Applied For.

CHINA BLUE (Fischer) (571)

One of the largest and most beautiful blues. An A-1 performer that will become a leader in its color. An easy cutter and opens well in water. Plant Patent Applied For.

RUSTY (Fischer) (597)

The first All America smoky. The chocolate red color is blended with smoky overtones. A gigantic variety with 8 large flowers open on tall husky spikes. Plant Patent #1781.

FRISKY (Rich '63) (248)

A smooth deep scarlet with a light golden petal edging 6-9 3/2" florets open at once on slender 4' spikes. This is one of the best miniature type glads we have ever grown and we recommend it wholeheartedly. Plant Patent Applied For.

GOLDILOCKS (Fischer '63) (216)

A clear self colored golden yellow with waxy florets of stiff substance, waved and fluted. It opens 6-8 on a well proportioned spike of good height. This should become immensely popular. Plant Patent Applied For.

VICTORY (Fischer '63) (436)

A bright scarlet with a slightly deeper throat. 7-8 large round lightly waved florets open in formal placement on tall straight spikes. A grand addition to the red glads.

MORNING SUN (Fischer '63) (416)

Very intense deep yellow with heavy texture and ruffling of the florets. 8-10 florets open at once on tall spikes. Very vigorous and healthy in growth. Looks like a good show glad.

FIRST AID TO A BEAUTIFUL GARDEN

FROM OUR MASS. FRIENDS:

Because of my mothers illness, I haven't had time to thank you for the very fine bulbs I received from you. You could never imagine the "lift" it gave me when I was just a little depressed.

Mrs. H. M. N. — Sutton, Mass.

Have been buying bulbs for a number of years locally but last year was the first time I heard of your firm. I feel your glads were the best I have had — also the neighbors were loud in their praise.

Mr. J. W. W. — Auburn, Mass.

Reserve champ at Worcester Norco Show — also 3 spike Sweepstakes and many section and division winners included many of your bulbs.

Mr. A. T. R. — Worcester, Mass.

I like to do business with you and you are so free with your extras. I grew blooms that were $6\frac{1}{2}$ inches across. People would ask how I could grow such wonderful glads and I would tell them I got them from you.

Mr. C. S. — E. Bridgewater, Mass.

The bulbs I received last season grew beautifully and evoked many compliments from all those who saw the beautiful variety in the blossoms.

Miss M. A. D. — Chicopee, Mass.

The quality of your bulbs and your extras truly exceptional!

Mr. Mr. R. C. L. — Wareham, Mass.

This is my third year with ARENIUS GLADS and I have yet to be disappointed. Thanks ! ! !

Mr. R. H. L. — Southbridge, Mass.

You certainly have the "Know-how" and deserve congratulations for raising such beautiful bulbs.

Mr. M. L. B. — Charlton, Mass.

Large, 2 for .35 10 for \$1.40; Medium 3 for .30, 10 for .85;

Small, 10 for .50; Bulblets .40 pkg.

A. B. COUTTS (Coutts '53) (520) 90
Soft peach buff shading to a cream throat. Long heads carry 8-10 6" florets open at once out of 18-20 buds. Good cut flower.

ACE OF SPADES (Sisson '50) (458) 85
The darkest black red. 5-7 large ruffled triangular shaped florets open on tall stretchy spikes. Blooms well from all sizes.

ALBERT SCHWEITZER

(K & M '57) (436) 70
Brilliant scarlet cut flower variety. Straight husky 5' spikes hold 7-9 5 1/4" florets open in good placement out of 20-22 buds. Very healthy and prolific. A must for every garden.

ALOUETTE (Butt '57) (354) 70
Heavily ruffled rose lavender with a cream throat. 5-8 4" florets open at once out of 15-17 buds on slender 3 1/2' spikes. A healthy easy grower.

AQUA QUEEN (Fischer '57) (470) 85
Beautiful clear light blue. Strong healthy grower. Tall spikes open 6-7 large florets out of 16-18 buds. Fine cut flower.

ARES (K & M '54) (311) 75
Boldly blotched pinkish cream with a scarlet throat. Tall graceful spikes with 8 4 1/2" florets open out of 18-20 buds. Of grand champion caliber and a top early cut flower.

BALLERINA (K & M '56) (401) 85
Clear pure white with a distinctive rose throat. Good attachment and placement of the 7-9 large open florets. 18-20 buds. Fine cut flower and exhibition variety.

BIBI (K & M) (352) 80
One of the prettiest butterfly varieties. Its creamy rose pink florets have a deep rose throat. 7-8 4" florets open at once on tall graceful spikes. Very healthy and prolific.

BIRD OF DAWNING
(K & M '58) (414) 75
Lightly ruffled lemon yellow with an attractive greenish cast. 6-8 well placed florets open at once on tall 5' spikes. A most reliable early cutter.

BLACK PHANTOM
(Robie '51) (458) 75
Exhibition type black red opening 8-9 5" florets on long 20-22 bud flower heads. Our most reliable variety in this color.

BLUE CONQUEROR

(Salman '55) (476) 80
Deep violet blue with purple overtones. A most healthy grower with 8-10 5" florets open out of 20-22 buds. An unusual color that is most popular with visitors to our fields.

BLUE DIAMOND (Mode '57) (470) 80
As near to blue as glads come. Clear medium blue florets open 6-9 at a time on straight 4' spikes. Good grower in every respect. One of the best in its color.

BLUE LOU (K & M '60) (476) 80
A tall clear, medium blue with a small red throat. Its tall strong spikes hold 6-8 large florets open on 18 bud heads. The best blue we have seen from Holland and a surefire commercial.

BLUE SMOKE (Rich '57) (586) 90
Attractive blend of blue and gray smoky shades with a glowing salmon throat. Tall straight spikes hold 6-9 large ruffled florets open out of 18-20 buds. Fine exhibition spikes.

BROWN LULLABY

(Pazderski '57) (496) 95
Smooth light mahogany with a red throat feather and a silver petal edging. 8-12 5" florets open at once out of 18-20 buds on 4' plants. For something different try Brown Lullaby.

BURMA (Palmer '43) (556) 88
Rich shade of deep rose red with 7-9 heavily ruffled florets open out of 18-20 buds on 4' spikes. An all time great of the glad world.

BURMA ROSE (Lasch '53) (554) 85
Smooth soft rose sport of Burma with all of its good characteristics. Always one of our best varieties. Strong grower.

CAMPANILE (Fischer '56) (460) 85
Clear bluish lavender with tall straight spikes holding 8-10 round recurved florets open on large heads. Now widely grown for all purposes. Wonderful cut flower.

CARNIVAL (Butt '47) (437) 85
Gayly colored bright scarlet with a snow white throat. An eyecatching combination. 6-8 lightly ruffled florets open on 4' spikes. Very popular.

Prices for all varieties on this page are:

Large, 2 for .35 10 for \$1.40; Medium 3 for .30, 10 for .85;

CHEMAWA

(Baerman-Weeks '59) (486) 85

Velvety rich old rose with an ivory throat. 6-8 flat round florets open on long 18-20 flower heads. A healthy strong growing smoky.

CONRAD

(Tyndall '55) (417) 95

Deep rich yellow with a bright scarlet throat. 6-8 5" florets open at once out of 18-20 buds on 5½' tall spikes. Very healthy and an excellent cutter.

CONTENTMENT

(Fischer '57) (460) 75

Smooth orchid lavender enhanced by a large creamy throat. 6-8 ruffled and needlepointed 5" florets open on tall willowy stems. Choice early cut flower.

COPPER LUSTRE

(Pazderski '53) (596) 80

Beautiful smoky rose with a copper edging shading to a tan throat. An unusually beautiful combination. Up to 8 ruffled 6" florets open out of 18 buds. Very popular.

CORAL ACE

(Bunn '52) (534) 85

Bright rich coral sport of Burma. Like Burma it is a top notch variety. Opens well in water. Recommended for all uses.

CORONATION

(Murray '56) (440) 80

Marvelous clear pink with a small cream throat. Opens 6-8 large nicely waved florets out of 18 buds on straight 4' spikes. Strong healthy growth. Should become widely grown for cut flower use.

CROWN JEWEL

(Fischer '51) (461) 75

Rich rosy lavender with a purple throat. 7-8 ruffled florets open on tall formal spikes. Very attractive.

DARK BRILLIANCE

(Puerer '56) (458) 88

Velvety black red sport of King David. Identical in every way but color to King David. A leader on the show table and about the most beautiful of the black reds.

D'ARTAGNON

(K & M '57) (411) 85

Clear light cream with a prominent red throat. Growth is tall and husky with 7-9 5¾" florets open in formal placement out of 20 buds. If you like two toned varieties this is one of the best.

DESIREE

(K & M '56) (337) 80

Butterfly type deep scarlet with red markings on a yellow throat. An eyecatching beauty and a fine home arrangement variety.

Unique brownish red smoky with darker throat marks. 6-8 open florets out of 18-20 buds on 4½" spikes. Always attracts attention. Fine grower.

Just want to write a few words to express my sincere thanks for your outstanding glads and service. It is a refreshing pleasure to do business with a high-type person as yourself.

My glads last year were very outstanding and as usual with ARENIUS bulbs won many ribbons and money prizes.

From many years now I have had beautiful blooms from your bulbs and have yet to find a "sick" one. Your kind of service bolsters our faith in mankind. And I mean it.

FROM CONN. WE HEAR:

I have had bulbs from you for a number of years with perfect satisfaction both in number and quality, also some with 7" florets. Mr. W.F.G. — Seymour, Conn.

Thank you for the great enjoyment we get from your wonderful gladiolus! We feel all ours would be show winners all — though we never have been to a show. It is less trouble to just sit here at home and watch them grow and bloom. Mrs. A.M. — Norwich, Conn.

Do you know that I have been buying from you for 30 years? That's real evidence that I am satisfied with your bulbs. Mr. G. R. deL. — Lakeville, Conn.

Your last year's flowers were beautiful!

Mr. L. B. — Norwichtown, Conn.

SOME COMMENTS ABOUT OUR GLACIER:

Last year I had 10 bulbs of GLACIER and won three GRAND CHAMPIONS in Empire State Glad Shows besides best in Chemung County Fair with it. Mr. C. I. L. — Elmira, N. Y.

GLACIER has been very good for us. We have won more awards with it in the past 3 years than any other Glad in the 10 years of growing Gladiolus. I think if a Glad is picked an "All American" — GLACIER deserves the title. Mr. H. E. F. — So. Elgin, Ill.

Your GLACIER is easily the best white I've ever grown and I believe one of the 2 or 3 best glads in commerce. Mr. A. W. — Richland, Nebr.

I had the good fortune of winning four Grand Championships out of the 5 shows in which I exhibited. Your TAN GLO won a G. C. for me. GLACIER won the best recent introduction at the So. Minn. Glad Show and another spike won a blue at the Minn. State Fair and was just nosed out of Grand Championship. Mr. V. J. S. — Owatonna, Minn.

Formal heavily ruffled white with a pale rose throat feather. 8-10 open out of 22-24 buds on long heads. Should become a top show variety.	1 10	2.00 16.00	1.50 12.00	1.00 8.00	1-.25 10-2.00
STANDOUT (Baerman-Milo '61) (534) 90					
Gorgeous deep salmon pink with an inconspicuous lighter throat. Round 6" wide blooms open up to 10 at once out of 22-26 buds. Good attachment and placement of the blooms add to the desirability of this huge stately variety. One of the best of the Baerman varieties.	1 10	.75 6.00	.50 4.00	.25 2.00	5-.50 100-8.00
STAR SAPPHIRE (Fischer '61) (377) 80					
Silky deep blue set off by a white midrib on each petal. 8-10 recurved and needlepointed florets open at a time out of 18-20 buds. The tall slender spikes are healthy and vigorous. Looks like the best show variety in its class.	1 10	.35 2.80	.25 2.00	2-.30 1.20	10-.35 100-2.80
SUMMER SKY (Baerman-Gove '60) (470) 80					
As near to "sky blue" as glads come set off by a white center. 7-8 well placed lightly waved florets open on good heads. An easy grower and good propagator.	1 10	.50 4.00	.35 2.80	.25 2.00	15-.50 100-3.00
SUNBURST (Baerman-Majeski '61) (417) 90					
One of the most unique varieties. A rich salmon pink with a bold scarlet blotch in a yellow throat. Strong grower and nicely ruffled.	1 10	.30 2.40	.25 2.00	2-.25 1.00	15-.25 100-1.50
SUNSHINE (Baerman-Majeski '59) (435) 75					
A rich shade of yellow with a bright scarlet blotch. A tall grower opening 7-8 large well placed florets at once. Looks like a good commercial.	1 10	.60 4.80	.40 3.20	.25 2.00	10-.50 100-4.00

SUNNY MORN

(Baerman-Majeski '62) (424) 85

A fine addition to the orange varieties. Sunny Morn is clear light orange with attractive ruffling. An ideal grower with tall tapering spikes holding 7-8 open at once.

TEMPTRESS (Fairchild '57) (440) 90					
Gorgeous light ruffled pink that already has a great show record. Opens 8-10 5 $\frac{1}{4}$ " florets on long 22 bud flower heads. Should become widely grown for cut flower use along with its proven exhibition qualities.	1 10	.25 2.00	2-.30 1.20	3-.30 .80	15-.25 100-1.50
THOMAS A-STONE (K & M '57) (476) 85					
Rich deep violet blue. 4 $\frac{1}{2}$ ' tall spikes hold 6-8 5" florets open out of 18-20 buds. A fine improvement on others in this color.	1 10	.25 2.00	2-.30 1.20	3-.30 .80	15-.25 100-1.50
TOP BRASS (Baerman-Weeks '60) (416) 90					
Strong growing medium deep yellow. Very heavy substance of the 7-8 wide open florets. A most reliable variety of good cut flower promise.	1 10	.35 2.80	.25 2.00	2-.30 1.20	10-.25 100-2.00
TOP HAT (Rich '58) (458) 80					
Glistening black red self color. 8 round ruffled 5 $\frac{1}{4}$ " florets open at once on long 20-22 bud heads — 4 $\frac{1}{2}$ ' over-all. Fine show variety. The best performer of all the black reds we grow.	1 10	.40 3.20	.30 2.40	.25 2.00	10-.40 100-3.20
TOPAZ (Baerman-Weeks '59) (416) 75

I just can't resist sending in a small order altho I already have 200 different varieties of your wonderful bulbs. Mr. R. S. — Montrose, Penn.

Sincerely want to thank you for the bulbs in fine condition received today. Generous count and extra bulbs are greatly appreciated. Mr. J. E. J. — Wichita, Kans.

Thanks for the fine selection. Always get fine corms and my money's worth from "ARENIUS". Mr. D. F. O'L. — Wausau, Wisc.

One of my TEMPTRESS from you produced a Grand Champion at the Momenca Gladiolus Show. The extra LAVENDER GEM I received produced an even better spike but unluckily came in three days late for the show. Mr. S. S. Jr. — St. Anne, Ill.

I certainly appreciate doing business with you!

Mr. L. S. — Washburn, Ill.

Service was fine and those bulbs! — so healthy looking. Many are already up and look great. Mr. C. H. — Temple City, Calif.

I have grown glads for pleasure for 50 years and I consider yours the best.

Mr. A. E. M. — Sayre, Penn.

VISION (Roberts '53) (331)'95

Glistening light salmon with a large cream throat. 10-12 ruffled florets open at once on long 20-22 bud flower heads. One of the best exhibition varieties and capable of winning grand championships in any competition.

I want to thank you once again for your generosity in filling my order in the ARENIUS way which is hard to beat.
Mr. W. B. — Suncook, N. H.

Have purchased bulbs from many growers during the past 25 years and have yet to see better than those from you last year.
Mr. R. E. H. — Plaistow, N. H.

You know, I grew my first gladiolus in 1922 — you began issuing a catalog not many years after that. And there have been very few years since our beginnings that I have not ordered from you. And every order has been wonderfully taken care of. Thank you very, very much.

Mr. W. J. D. — Dryden, Mich.

Have always been more than satisfied with your treatment and I have ordered from you nearly every year for the past twelve.

Mr. S. M. B. — Elmhurst, Ill.

We have had exceptional results with your corms.

Mr. E. G. B. — Sheperdstown, W. Va.

Just a note to tell you that the glad bulbs I received from you last year were the best that I've ever bought from anyone.

Mr. C. E. B. — Green Bay, Wisconsin

We always have such wonderful luck with the bulbs purchased from you, and you are the only ones we do buy from now since having such luck with yours.

Mrs. A. G. O. — Westerly, R. I.

My thanks for the extras and for the bulbs I ordered as they were all extra fine. It is nice to do business with you.

Mr. K. L. — Columbia, Tenn.

I doubt if any one ever saw a finer shipment of prime jumbo bulbs! They are very beautiful, clean, and high crowned and I wish to thank you for selecting them for me.

Mr. B. H. — Rockport, Ill.

I believe we have never thanked you for the many splendid bulbs you have sent us over the past several years, so we thank you now.

Mr. E. E. G. — Sarasota, Fla.

I really think the world of your glads. Man — you cannot be beat, and I really mean it!

Mr. J. D. — Grand Rapids, Mich.

JOIN A GLADIOLUS SOCIETY

There are gladiolus societies in nearly all localities of the country composed of glad fans of all degrees—from the backyard gardener with a few bulbs to the commercial grower with many acres. With them you may receive the benefit of their publications with most up-to-date information of all kinds pertaining to gladiolus, good fellowship at their shows and meetings (who else can fully appreciate that 8" bloom in your garden?), and a chance to test your growing skill at the many gladiolus shows.

Our leading national society is the NORTH AMERICAN GLADIOLUS COUNCIL — Dues are only \$3.00 per year and entitle you to receive the N.A.G.C. Bulletin — a quarterly publication of all the latest information pertaining to gladiolus — Membership secretary — Mr. Al Trippel, 904 East 7th Street, Auburn, Indiana.

Of international scope is the NEW ENGLAND GLADIOLUS SOCIETY devoted primarily to the home gardener and hobbyist in the gladiolus world. Its fine publications include a year book plus 4 quarterly magazines. Membership is \$4.00 per year. Write to New England Gladiolus Society, Inc., Horticultural Hall, Boston, Mass.
